MD. SALMAN HOSSEN

Electrical & Electronic Engineering (EEE) Graduate

Address: Bashundhara, Baipail, Ashulia, Savar, Dhaka, Bangladesh
Mobile: 01518944548
Email: salmanhossenmonju@gmail.com

CAREER OBJECTIVE

Motivated and detail-oriented fresh Electrical and Electronic Engineering graduate seeking an entry-level engineering position in Dhaka where I can apply my academic foundation in electrical power systems, automation and electronics, build practical industry skills, and contribute to safe, reliable and efficient engineering operations.

KEY STRENGTHS

- **Technical Foundation:** Electrical power systems, fault detection, electronics, control and automation fundamentals.
- **Hands-on Exposure:** Industrial automation components (PLC, sensors, circuit breakers) through a 2-month internship.
- **Research Ability:** Published a research paper on IoT-based weather monitoring for agriculture.
- **Project Experience:** Built practical academic projects in grid fault monitoring and autonomous robotics.
- **Learning Mindset:** Quick to learn, adaptable, and keen to adopt new and emerging technologies.

AREAS OF INTEREST

Power distribution and electrical systems • Industrial automation (PLC) • Testing and maintenance • Robotics • IoT and smart monitoring systems

EDUCATION

Degree	Institution	Result	Year
Bachelor of Science (BSc) in Electrical and Electronic Engineering (EEE)	Presidency University	CGPA: 3.13 / 4.00	2026
Higher Secondary Certificate (HSC), Dhaka Board	Sristy Central College, Uttara, Dhaka	GPA: 3.92 / 5.00	2020
Secondary School Certificate (SSC), Cumilla Board	Rupsa Ahammadia High School	GPA: 3.89 / 5.00	2018

INDUSTRIAL TRAINING & INTERNSHIP

Internship Program on Advanced Automation System

Zerone BD, Mirpur, Dhaka | 26 October 2025 – 26 December 2025 (2 months)

- Gained hands-on, introductory exposure to PLC, switches, circuit breakers and sensors used in industrial automation.
- Learned to read and interpret electrical connection diagrams and basic industrial electrical system concepts.

ACADEMIC PROJECTS

Smart Fault Detection and Monitoring System for Electrical Grids

Developed to improve the reliability, safety and efficiency of power distribution systems through rapid detection and identification of electrical faults, emphasizing continuous monitoring and timely fault identification in grid systems.

Human Following Robot

Worked on an autonomous robotic system that detects and follows a person while maintaining a safe distance, aiming at a smart, cost-effective robot with practical assistance applications such as carrying goods.

RESEARCH & PUBLICATION

Various Application of IoT-Based Weather Monitoring Systems in the Agriculture Sector for Bangladeshi Farmers

Published research exploring IoT-based weather monitoring in agriculture, discussing how climate change affects farming and how smart farming and weather monitoring can help farmers adapt and improve agricultural efficiency.

ResearchGate: researchgate.net/publication/391014655

TECHNICAL & COMPUTER SKILLS

Electrical & Power Systems	Electrical systems, power distribution, and electrical grid fault monitoring.
Automation Fundamentals	PLC, switches, circuit breakers, sensors and connection diagrams (internship training).
Electronics & Control	Academic foundation in electronics and control engineering.
Robotics & IoT	Human-following robot; IoT-based agricultural weather monitoring.
Computer & Office Skills	Microsoft Word, Microsoft Excel and Microsoft PowerPoint.

Professional Skills: Analytical thinking, problem-solving, teamwork, communication, adaptability, and eagerness to learn new technologies and upcoming trends.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **University Robotics Club:** Active member; participated in robotics-related activities, projects and technical events.
- **Social Welfare Activities:** Involved in community service, volunteer activities and social-awareness programs.
- Developed teamwork, communication, coordination and organizational skills through these activities.
- Enthusiastic about continuous learning; keen to explore and adopt new and emerging technologies in the field.

LANGUAGE PROFICIENCY

Language	Reading	Writing	Speaking
Bangla (Native Language)	Native	Native	Native
English	High	High	Medium

PERSONAL DETAILS

Date of Birth	01 February 2002	**Nationality**	Bangladeshi
Gender	Male	**Marital Status**	Unmarried
Home District	Chandpur, Bangladesh	**Preferred Work Location**	Dhaka
